

SonicStrap System

Liberty Technology Solution

What is the SonicStrap system?

Highly accurate and precise electronic system of level sensors to track chemicals

Why SonicStrap?

Help Achieve Liberty's Guiding Principles

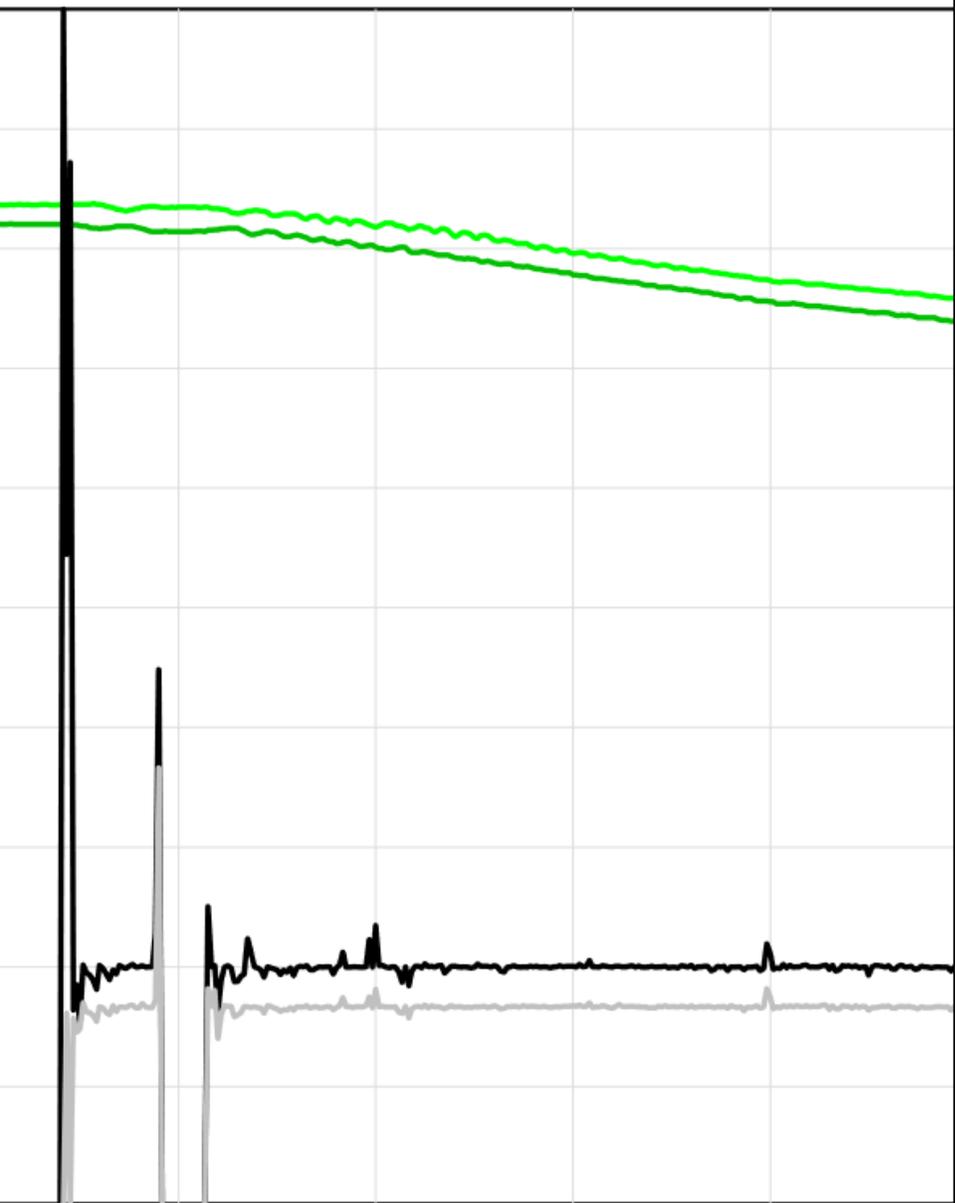

- Safety
- Service Quality

Safety

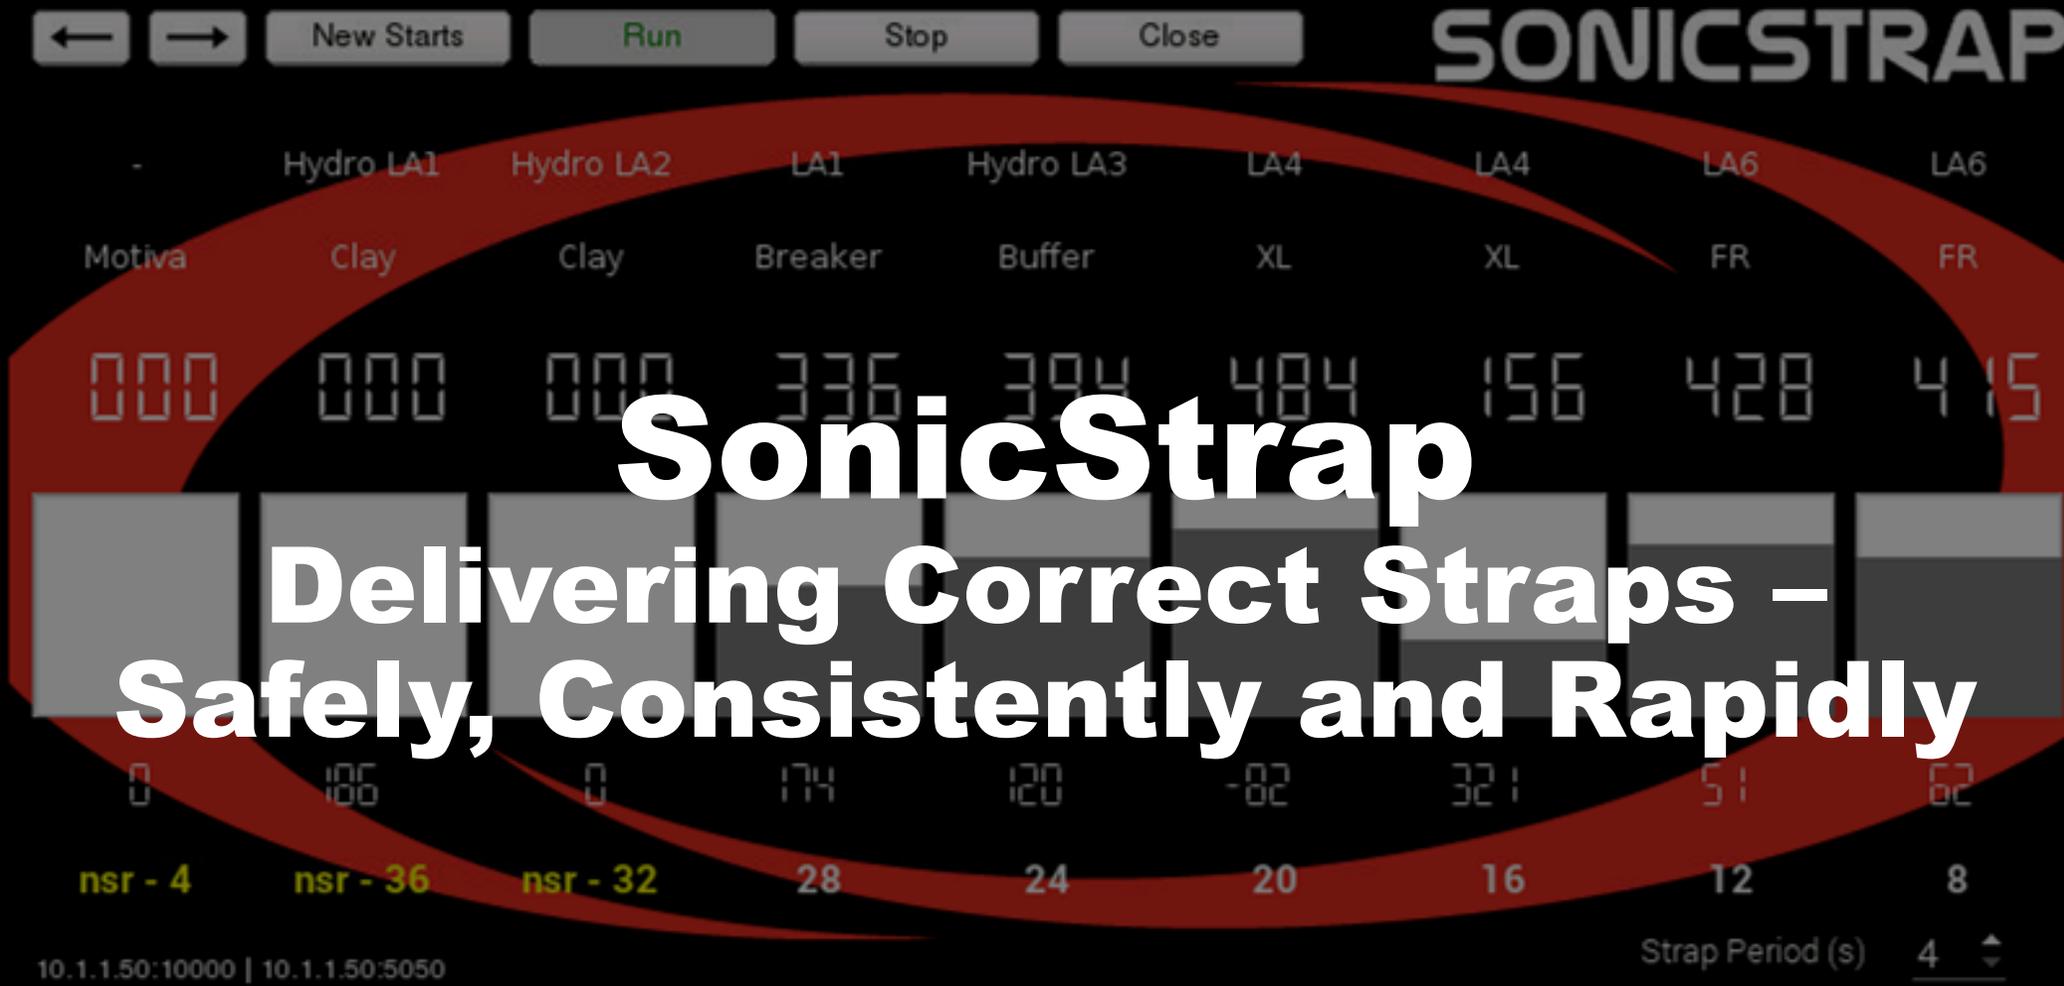

- Reduces Operator's Chemical Contact
- Decreases Radio Traffic to Relay Volumes

— Tote 8- FR (gal)
— LA1 FR Conc. (gal/Mgal)

Service Quality

- 3x Resolution and 5x Faster than Manual
- Precise to 1mm
- Electronic Record of Job
- Increases Design Compliance Through Continuous Monitoring
- Reduces Chemical Spoilage by Electronic Measurement of Known Fixed Volume Vessels

SonicStrap

Delivering Correct Straps – Safely, Consistently and Rapidly
